

GUIDE series

Green Calgary's Reuse and Recycling Guide

Options for Reuse and Recycling in Calgary, AB

This document provides options for reuse and recycling of various items. As markets for recyclables change rapidly, we cannot guarantee that ALL links or contact information will be up-to-date. All attempts are made to keep the list current but if you discover any discrepancies, please contact Ashley at ashley@greencalgary.org.

AN IMPORTANT CONSIDERATION

Municipalities have traditionally taken on the role of solid waste management, including recycling, but are municipalities best able to handle the waste created by consumers? Does this result in the best use of the world's resources? As it stands, companies are free to create short-lived products, excessive packaging and excessive material flows since the costs associated with waste management are not accrued to them at the end of the products' useful life. They derive no benefit from creating products that are less wasteful or that have recyclability in mind. In essence, governments are subsidizing companies to be wasteful, putting a huge burden on the Earth.

A positive development to deal with this problem has been the implementation of Extended Producer Responsibility (EPR) by some governments. EPR imposes accountability over the entire life cycle of a product and its packaging. This means that manufacturers are required to be financially or physically responsible for their products and packaging after their useful life. They must either take back spent products and manage them through reuse, recycling or in energy production, or delegate this responsibility to a third party, a so-called producer responsibility organization (PRO), which is paid by the producer for spent-product management. In this way, EPR shifts responsibility for waste from government to private industry, obliging producers, importers and/or sellers to internalize waste management costs in their product prices.

Several companies have done this voluntarily but governments can play a larger role in making EPR a reality. For more information on EPR and the role of government in making manufactures responsible for the products and packaging they create visit www.productpolicy.org.

FOR YOUR INFORMATION

“Egyptian pyramids have preserved corn, seeds, and even human parts such as hair because they were sealed away from sunlight with little oxygen and moisture. Our waste dumps are somewhat like that.”

- Tony Andrady, author of *Plastics in the Environment* (Adapted from Alan Weisman’s *The World Without Us*)

Average Residential Waste Composition (% by weight)

FOR YOUR INFORMATION

Food and yard waste are the largest contributors to Calgary’s waste problem. In fact, 35% of residential waste can be composted! By using the City’s seasonal [leaf and pumpkin drop-off program](#), [grass-cycling](#) and [backyard composting](#), Calgarians make a significant contribution to reducing the amount of waste going to landfill. Also, reducing [organic material in the landfill](#) reduces methane – a greenhouse gas that has 22 times the global warming potential of carbon dioxide (CO₂). Methane is produced when organic material is placed in the landfill and deprived of oxygen.

For more information on reducing food and yard waste see section on [Organics](#) below.

Dishwashers and Fridges

Bo-West Appliances (2 locations)

6319 Bowness Road NW

(403) 286-0900

4310 – 17th Avenue SE

(403) 234-4949

- Accepts working / non working appliances
- Accepts fridges – fee charged
- Please call for details

Blackfoot Metal

3415 Ogden Road SE

(403) 720-5970

- Accepts large appliances (**no fridges**)

Federal Metals

9715 - 52 Street SE - (403) 236-0402

- Accepts scrap and household metal such as tin, aluminum, copper, brass and stainless steel

Calgary Metal

4025 – 90 Ave SE

(403) 262-4542

- Accepts scrap metal
- Accept farm scrap
- Accepts any kind of metal

Navajo Metals

5857 - 12 Street SE

(403) 252-7787

- Accepts scrap metal, cars and appliances

Kettles and Other Small Appliances (toasters, blenders, etc.)

Recycle Logic

4324 Quesnay-Wood Drive S.W. (Currie Barracks Farmers Market)

Open 7 days a week

www.recycle-logic.com

Microwaves

Technotrash Alberta Ltd.

4915 – 77th Ave SE

(403) 265-2332

www.technotrash.ca/

Ecycle Solutions

3121 16th St NE

(403) 945-2611

www.ecyclesolutions.com

Recycle Logic

4324 Quesnay-Wood Dr SW

(Currie Barracks Farmers Market)

Open 7 days a weeks

www.recycle-logic.com

Stoves

Bo-West Appliances (2 locations)

6319 Bowness Road NW

(403) 286-0900

4310 – 17th Avenue SE

(403) 234-4949

- Accepts working / non working appliances
- Accepts fridges – fee charged
- Please call for details

Blackfoot Metal

3415 Ogden Road SE

(403) 720-5970

- Accepts large appliances (**no fridges**)

Federal Metals

9715 - 52 Street SE - (403) 236-0402

- Accepts scrap and household metal such as tin, aluminum, copper, brass and stainless steel

Calgary Metal

4025 – 90 Ave SE

(403) 262-4542

- Accepts scrap metal
- Accept farm scrap
- Accepts any kind of metal

Navajo Metals

5857 - 12 Street SE

(403) 252-7787

- Accepts scrap metal, cars and appliances

AUTO

Auto Batteries

Many automotive shops will accept used auto batteries, but they can also be taken to the following recyclers:

All Auto Battery

4119 Ogden Road SE

(403) 263-7160

All Start

107 – 46 Ave SW

(403) 243-1090

Freon

Commonly found refrigerant in the air conditioners of older vehicles. Can be recycled at:

Eskimo Refrigeration

FOR YOUR INFORMATION

Automotive chemicals including antifreeze, brake fluid, gasoline, motor oil, rust inhibitors and removers, solvents, and transmission fluid can be dropped off at the following fire stations and landfills:

Fire Stations

- #4 Fire Station (1991 18th Ave. N.E.)
- #17 Fire Station (3740 32nd Ave. N.W.)
- #20 Fire Station (2800 Peacekeepers Way S.W.)
- #24 Fire Station (2607 106th Ave. S.W.)
- #26 Fire Station (450 Midpark Way S.E.)

Seven days a week: 8 a.m. – 6 p.m.

Landfills

- East Calgary Landfill (68th Street and 17th Avenue, S.E.)
- Shepard Landfill (52nd Street and 114th Avenue S.E.)
- Spyhill Landfill (69th Street and 112th Avenue N.W.)

Summer hours: April 1 to October 31 (Seven days a week: 7:30 a.m. – 5 p.m.)

Winter hours: November 1 to March 31 (Monday – Saturday: 7:30 a.m. – 5 p.m.)

4705 61st Avenue SE - (403) 279-8091

Plastic Containers Containing Used Oil

Evergreen Recycling

(403) 240-8568

- Used plastic oil containers and filters.

Note: Most gas stations now have a bin for the collection of empty oil containers.

Used Oil and Filters

Collection and processing is administered through the Alberta Used Oil Management Association (AUOMA). To find a drop of location near you visit www.auoma.com.

Used Tires

The City of Calgary will accept up to four rimless tires at all landfill sites. More than four rimless tires can be taken to the Shepard landfill only. Fees will apply.

- For more information about the Alberta tire recycling program visit: www.albertarecycling.ca

Vehicle Donation

Various charitable organizations will accept vehicles for donation as a way to fund their activities.

Canadian Cancer Society

(403) 255-5204

- Free Towing
- Tax Receipt

Car Heaven

1-888-441-2277

or (780) 408-4580

Kidney Foundation

(403) 279-7707

- Running or not
- Free towing
- Tax Receipt

BATTERIES

Auto Batteries

Many automotive shops will accept used auto batteries, but they can also be taken to the following recyclers:

All Auto Battery

4119 Ogden Road SE

(403) 263-7160

- Accepts both auto and rechargeable batteries.

All Start

107 – 46 Ave SW

(403) 243-1090

Rechargeable Batteries

Consumers can take their dead rechargeable batteries to all Radio Shack, Canadian Tire, Astrol Photo, Black's Photography, Zellers, Future Shop, London Drugs Stores, RONA and Battery Plus Stores. This is a national program by Rechargeable Battery Recycling in Canada. For more information call (416) 535-9210

Single Use Batteries

Since single-use batteries do not fall under Alberta's hazardous waste legislation, small quantities may be added to regular household waste. However, **batteries** do contain hazardous waste and are banned in many jurisdictions around the world. As such, Green Calgary recommends that residents use the processors provided below.

FACT

As of February 8, 2006 the State of California has prohibited anyone from placing single use batteries, fluorescent tubes and electronics in the landfill.

Community Natural Foods

10th Avenue Market: 1304 10 Ave SW - (403) 229-2383

Chinook Station Market: 202 - 61st Ave SW – (403) 541-0606

- Accepts single use batteries from their customers

Ikea Canada Calgary

8000 11 St., S.E. (Deerfoot Meadows) - (403) 273-4338

- Accepts single use batteries from their customers.

Interstate Batteries

#4, 6112 – 30 St. S.E. - (403) 216-3390

- Accepts single use batteries from the general public for a small fee (contact for more details).

Mountain Equipment Co-op

830 – 10th Ave SW - (403) 269-2420

- Accepts single use batteries purchased at Mountain Equipment Co-op.

TIP

A typical high quality AA battery costs consumers approximately \$1.00. High quality chargers can be purchased for around \$25 (including 4 AA batteries) and can be charged up to 1000 times. A charger pack will give you the equivalent of 4000 single-use batteries. Do the math:

Single use batteries: \$1.00 X 4,000 = \$4,000.00

Rechargeable Pack: = \$25.00

A total savings of: \$3,975.00

BOTTLE DEPOTS

Beverage containers, including **soft drinks, beer, tetrapaks** (i.e. juice boxes, soy, rice and almond milk), **liquor** and **wine containers** (excluding milk containers) can be returned for a refund.

To find a depot near you, visit the Beverage Container Management Board website at www.bcmb.ab.ca or call 1-888-424-7671.

Domestic **beer containers** may be returned directly to the producer (i.e. the store where the product was purchased) for full refund. They may also be taken to:

Brewer's Distributor Limited Bottle Depots

2930 Centre Avenue NE
(403) 531-1090

Wine Corks – glue them together to make a nifty little hot plate or tear the corks up and compost them! They function as the brown carbonaceous material.

CLEANING PRODUCTS

Household cleaners (see section on [Household Chemicals](#))

FOR YOUR INFORMATION

Many household cleaners are toxic in nature and often it is possible to get the same results with environmentally-friendly choices. Natural cleaning products can be found at the following retailers:

Amaranth Whole Foods Market

7 Arbour Lake Dr NW
(403) 547-6333

Green Calgary EcoStore

809 4th Ave SW
(403) 230-1443 ext 222

Community Natural Foods

Chinook Station Market 1304 - 10th Ave SW (403) 229-2383	10th Avenue Market & Café 202 - 61st Ave SW (403) 541-0606
--	--

Planet Organic

10233 Elbow Drive SW (403) 252-2404	4625 Varsity Dr NW (403) 288-6700
--	--------------------------------------

Sunnyside Market

302 10 St NW
(403) 270-7477

Green Calgary offers a **Green Cleaning** workshop for those interested in making their own environment-friendly cleaning products. Visit www.greencalgary.org for more information.

CONSTRUCTION

Asphalt and Concrete

Fish Creek Excavating

7515 - 84 Street SE - (403) 248-8222

Calgary Aggregate Recycling

6020 - 94 Ave SE - (403) 279-8330

Brick

Calgary Aggregate Recycling

6020-94 Ave. SE - (403) 279-8330

Building Materials (Reuse, Donation)

The (Habitat for Humanity) ReStore

Bay 125, 2323 - 32 Avenue NE - (403) 291-6764

5200 – 64 Avenue SE - (403) 205-4180

- Recycles doors, appliances, furniture, lumber, electrical and plumbing supplies, and other building supplies (contact for more details).

Tim's Re-Usables

336 - 35 Avenue NE - (403) 276-1616

- Accepts new and used renovation products including doors, kitchen cabinets, bathroom fixtures and various other building materials (contact for more details).

Carpet

Several carpet manufactures have created an extended producer responsibility program whereby they will take back their own carpet for recycling. For more information see:

Invista Reclamation Program

www.antron.invista.com

1-877-5-ANTRON

Contact the local representative for more information:

KBM Commercial Floor Coverings Inc

Micheal Kulyk

1260 - 26th Avenue SE - Calgary, AB - (403) 274-5292

Note: The **Calgary Humane Society** occasionally needs good quality, clean carpet to line cages. Please call (403) 205-4455 for more details.

Cinder Blocks

Fish Creek Excavating

7515 - 84 Street SE - (403) 248-8222

Calgary Aggregate Recycling

6020 – 94 Ave SE- (403) 279-8330

Doors (see [Building Materials \(Reuse, Donation\)](#) above)

Fixtures (see [Building Materials \(Reuse, Donation\)](#) above)

Gypsum Drywall

Bio-Cycle Nutrient Solutions Ltd.

9908 – 24th St SE - (403) 803-2549

- Accept clean, uncontaminated drywall.

Linoleum (we are unaware of any non-landfill solutions for this material at the present time)

Lumber

The (Habitat for Humanity) ReStore

Bay 125, 2323 - 32 Avenue NE - (403) 291-6764

5200 – 64 Avenue SE - (403) 205-4180

•Recycles doors, appliances, furniture, lumber, electrical and plumbing supplies, and other building supplies (contact for more details).

Paint, Paint Thinners and Wood Preservatives (see section on [Household Chemicals](#))

Pallets and Skids

Shingles (recycling)

Alberta Waste and Recycling

Located 6 km west of Airdrie on Hwy 567 - (403) 948-0808

albertarecycling@shaw.ca

Stone

Calgary Aggregate Recycling

6020-94 Ave. SE - (403) 279-8330

Wood

Beaver Grinding

8818 Barlow Trail SE

(403) 651-0590

Ecco Waste Systems

9908 24 ST. SE

(403) 720-3855

IG Machine and Fibers Ltd.

4300 - 15th Street SE

(403) 265-2128

BUILDING MATERIALS DONATION

The (Habitat for Humanity) ReStore accepts **doors, appliances** (less than 10 years old), **furniture, lumber, electrical and plumbing supplies, porcelain products, roofing materials, windows, and other building supplies** for reuse.

There are two locations in Calgary for your convenience:

Bay 125, 2323 - 32 Avenue NE

(403) 291-6764

5200 – 64th Ave SE

(403) 205-4180

CURBSIDE RECYCLING

Calgary Commercial Recycling

(403) 282-8801

- Recycling solutions for condos, townhouses, high-rises and businesses. Downtown only.

Community Recycling

(403) 254-9906

- Weekly curbside pickup.

Condo Recycling Solutions

(403) 680-7557

www.condorecycling.com

- Recycling solutions for condos, townhouses, high-rises and businesses.

Curbside Recyclers Inc.

(403) 398-8412

Greenway Recycling

(403) 263-9025

www.recycle2@telusplanet.net

- Weekly curbside pickup. Service NW and NE close to Centre St.

Recycle Blue

(403) 230-1030

- Weekly curbside pickup. Strictly residential and handle most of the East side of the city.

Recycle Plus of Calgary

(403) 230-1030

- Weekly curbside pickup.
- Paper, plastic, metal, glass, electronics.

Residential Recycling

(403) 245-4451

- Weekly curbside pickup. West of the Deerfoot.

FOR YOUR INFORMATION

The City of Calgary will be phasing in citywide curbside recycling in 2009. This service will be extended to residents in single-family homes up to and including fourplexes. This service will not be provided to multi-family residents, farms or acreages. [Community recycling depots](#) will remain in place for these users. For more information call 3-1-1.

ELECTRONICS

Cell Phones

The EcoStore – Green Calgary

809 4th Ave S.W. - (403) 230-1443 ext. 222

•Cell phones dropped off at The EcoStore support Green Calgary’s many environmental initiatives. Cell phone recycling boxes are available on a temporary or permanent basis free of charge. Visit www.greencalgary.org for more information.

~~Compact Disks (CDs, DVDs)~~

~~Technotrash Alberta Ltd.~~

~~4915 77 Ave SE (403) 265-2332~~

~~•Call for details~~

CD Cases (Jewel Cases)

Computer Donation (see [Computer Donation](#) in the [Reuse](#) section)

FOR YOUR INFORMATION

The Alberta Recycling Management Authority (ARMA) administers the **Electronics Recycling Program** in Alberta. The ‘end of life’ program applies to:

- Computer Monitors
- Computer Towers including keyboards, mice, cables, speakers and servers)
- Laptops
- Printers
- Televisions

Please visit www.albertarecycling.ca or call 1-888-999-8762 to find a collection site near you.

Ink Cartridges and Toner Cartridges

Image Plus Laser

#461, 918 - 16 Avenue NW

(403) 282-3657

Outlet-Brentwood

•Recycles empty printer, fax and inkjet cartridges

Mulch (recycled)

Ecco Chips

(403) 720-0442

- Supplier of recycled wood mulch product
- Call for details or visit www.eccohips.com for a list of retailers.

Weed killers (see section on [Household Chemicals](#))

GLASS

Glass (including glass jars)

The City of Calgary Recycling Depots

Many locations throughout the city

See section on [Recycling Depots in Calgary](#)

- Accepts household glass
- Rinse and remove labels

HOBBY AND HEALTH CARE PRODUCTS

Artist paint and inks (see section on [Household Chemicals](#))

Waterproofers (see section on [Household Chemicals](#))

Photographic chemicals (see section on [Household Chemicals](#))

Glues and cements (see section on [Household Chemicals](#))

Nail polish and remover (see section on [Household Chemicals](#))

Old drugs and medications

The province of Alberta is part of the Post Consumer Pharmaceutical Stewardship Association. Unused and expired drugs can be taken to 1 of 850 pharmacies around the province. For more information [click here](#).

Used medicinal needles and sharps

Contact your local pharmacy to inquire about obtaining a biohazard container that can be returned when full.

HOUSEHOLD CHEMICALS

FACT

“Chemicals have replaced bacteria and viruses as the main threat to health. The diseases we are beginning to see as the major causes of death in the latter part of (the 1900’s) and into the 21st century are diseases of chemical origin.”

Dr. Dick Irwin, Toxicologist, Texas A&M University

Household Chemicals (see full list [below](#))

Can be dropped off at the following fire stations and landfills:

Fire Stations

- #4 Fire Station (1991 18th Ave NE)
- #17 Fire Station (3740 32nd Ave NW)
- #20 Fire Station (2800 Peacekeepers Way SW)
- #24 Fire Station (2607 106th Ave SW)

#26 Fire Station (450 Midpark Way SE)

Seven days a week: 8 am – 6 pm

Landfills

East Calgary Landfill (68th Street and 17th Avenue SE)

Shepard Landfill (52nd Street and 114th Avenue SE)

Spyhill Landfill (69th Street and 112th Avenue NW)

Summer hours: April 1 to October 31 (Seven days a week: 7:30 am – 5 pm)

Winter hours: November 1 to March 31 (Monday – Saturday: 7:30 am – 5 pm)

HOUSEHOLD CHEMICALS

Automotive Products:

antifreeze and used motor oil
automotive batteries
brake and transmission fluid
gasoline
rust inhibitors/removers
solvents

Cleaning products:

ammonia
bleach
cleaning solvents
disinfectants
drain, toilet and window cleaners
hot tub and swimming pool chemicals
oven cleaners
septic tank cleaners
spot removers

Gardening Products:

ant and rodent killer
fertilizers
weed killer

Paint and building products:

alkyd, latex and oil-based paints
asphalt and roof tar
lacquers, stains and varnishes
paint thinners, strippers and solvents
wood preservatives

Hobby and health products:

artist paint and inks
glues and cements
mercury thermometers
nail polish and remover
photographic chemicals
propane tanks
waterproofers

LIGHTING PRODUCTS

Compact Fluorescent Light Bulbs (CFLs)

Since CFLs do not fall under Alberta's hazardous waste legislation, small quantities may be added to regular household waste. However, CFLs *do contain mercury* and are banned from landfills in many jurisdictions around the world. As such, Green Calgary recommends that residents use the available recycling opportunities when available. Ikea has created an extended producer responsibility program, taking back CFLs from their customers for recycling. For more information contact:

Ikea Canada Calgary

8000 11 St., SE (Deerfoot Meadows) - (403) 273-4338

•Accepts compact fluorescent light bulbs (CFLs) from their customers.

Home Depot Canada

All Calgary locations

Fluorescent Tubes

Since fluorescent tubes do not fall under Alberta's hazardous waste legislation, small quantities may be added to regular household waste. However, fluorescent tubes *do contain mercury* and are banned from landfills in many jurisdictions around the world. As such, Green Calgary recommends that residents use the available recycling opportunities when available.

Ikea Canada Calgary

8000 11 St., S.E. (Deerfoot Meadows) - (403) 273-4338

- Accepts fluorescent tubes from their customers.

FOR YOUR INFORMATION

Compact fluorescent light bulbs (CFLs) are 75 per cent more efficient than conventional bulbs. And while CFLs contain a small quantity of mercury (4 milligrams versus 25 milligrams in a watch battery), the benefits from switching to CFLs from incandescent bulbs far outweigh the costs. This is because **the vast majority of mercury found in our environment is from the burning of coal for electricity** and since CFLs are far more efficient, mercury pollution is reduced overall.

METAL

Aerosol Cans

Can be taken to hazardous waste centers if they contain product (see section on [Household Chemicals](#)); empty aerosol cans go into regular household waste.

Aluminum

Shred A Can

3815 - 90 Avenue SE - (403) 279-2724

Aluminum Foil

Appliance Recycling (and Reuse)

Bo-West Appliances (2 locations)

6319 Bowness Road NW - (403) 286-0900

4310 – 17th Avenue SE - (403) 234-4949

- Accepts working / non working appliances
- Accepts fridges – fee charged

Blackfoot Metal

3415 Ogden Road SE - (403) 720-5970

- Accepts large appliances (no fridges)

Calgary Metal

4025 – 90 Ave SE - (403) 262-4542

- Accepts scrap metal
- Accept farm scrap
- Accepts any kind of metal

Federal Metals

9715 - 52 Street SE - (403) 236-0402

- Accepts scrap and household metal such as tin, aluminum, copper, brass and stainless steel

Navajo Metals

5857 - 12 Street SE - (403) 252-7787

- Accepts scrap metal, cars and appliances

Ferrous Metals (Steel, Iron) and Nonferrous Metals

Shred A Can

3815 - 90 Avenue SE - (403) 279-2724

Rainbow Salvage & Demolition Ltd.

#300, 104 East Lake Blvd NE (Airdrie) - (403) 948-4901

Calgary Metal (1985) Ltd.

3415 Ogden Road SE - (403) 262-4542

Blackfoot Metal

4025 - 90 Avenue SE - (403) 720-5970

Propane Tanks

Includes 1 lb green camping cylinders – see section on [Household Chemicals](#).

Tin or Steel Cans

The City of Calgary Recycling Depots

Many locations throughout the city

See section on [Recycling Depots in Calgary](#)

- Accepts household food cans
- Rinse and remove labels

MISCELLANEOUS

Carpet

Several carpet manufactures have created an extended producer responsibility program whereby they will take back their own carpet for recycling. For more information see:

Invista Reclamation Program

www.antron.invista.com

1-877-5-ANTRON

Contact the local representative for more information:

KBM Commercial Floor Coverings Inc

Micheal Kulyk - (403) 274-5292

Cooking Oil/Grease

Mix it with birdseed or for larger quantities contact a local restaurant and see if they would allow you to add it to their commercial waste-collection system. If you are really handy and are the owner of a diesel vehicle, make bio-diesel. There is a wealth of resources on the internet for bio-diesel processing.

Fire Extinguishers (see section on [Household Chemicals](#))

Furniture (see Furniture in the [Reuse](#) section)

Mattresses

Can be taken to throw and go at City of Calgary landfills. For good condition mattresses, see [Reuse Organizations](#) below.

Medical Equipment

Ecycle Solutions

3121 16th St NE - (403) 945-2611

www.ecyclesolutions.com

Mercury-containing thermometers and thermostats (see section on [Household Chemicals](#))

Office Furniture

Buds Office Furniture

19 - 4th Street NE - (403) 265-1661

Paint (see section on [Household Chemicals](#))

Running Shoes

The Running Room Canada Inc. will accept good condition running shoes to distribute to the less-fortunate. All Running Room stores will accept running shoes year-round. Contact your local store for more details:

321 10 St NW – (403) 270-7317

118 – 1600 90 Ave SW – (403) 252-3388

59 Shawville Blvd SE – (403) 254-9696

435 Crowfoot Village – (403) 239-2991

500 Country Hills Blvd NE – (403) 226-8709

Smoke Detectors

Ionization smoke detectors do contain the radioactive material Americium 241. In response to stringent regulations in some jurisdictions, the major smoke detector manufacturers have set up take-back programs to deal with ionization smoke detectors in an environmentally responsible manner.

- Send First Alert, BRK and Family Guard Smoke Detectors to BRK Brands, 25 Spur Drive, El Paso, TX 79906, (800) 323-9005; www.firstalert.com. On the front of the package, write “**For Disposal.**” Up to five smoke alarms are accepted for free.

- Ship American Sensors and Dicon Smoke Detectors by surface mail to Dicon Inc., 20 Steelcase Road West, Unit #3, Markham, Ontario L3R 1B2, Canada, (800) 387-4219. On the front of the package, write “**For Recycling, \$0 Value.**”

Wine Corks

Glue them together to make a nifty little hot plate or tear the corks up and compost them! They function as the brown carbonaceous material.

ORGANICS

ANNUAL LEAF AND PUMPKIN COMPOSTING

Residents can take their **bagged leaves** and **pumpkins** to any of the specially marked Leaf and Pumpkin drop-off locations or three city landfills during the Annual Leaf and Pumpkin Composting Program. The East Calgary Landfill (68th Street and 17th Avenue SE) accepts leaves and pumpkins free of charge from residents throughout the year.

The City composts the leaves and pumpkins and uses the material to enrich to the soil in the City’s many parks, as well as the Calgary Zoo.

Brush

Can be taken to the East Calgary Landfill Site (17 Ave & 68 Street SE) to be composted at their composting pad. It must be requested at the scale house that this material be added to the branch pile set up for landscapers. The cost is \$5 for 250kg or less, or if a person has more than 250kg, a fee of \$30/tonne must be paid (organics rate).

Christmas Trees

The City of Calgary accepts Christmas trees free of charge at one of the many seasonal drop-off locations or at any of the three City landfills during the annual Christmas Tree Mulching Program. Please remove all decorations and tinsel, plastic and string. No artificial trees accepted. A list of the seasonal locations is available online for the duration of the program.

Dirt (Soil)

Uncontaminated soil free from any other debris including grass/sod, branches, hedge clippings, large rocks (larger than a baseball) is considered clean fill and may be disposed of at any City landfill (charges may apply).

Grass (see section on [Grass-Cycling](#) below)

GRASS-CYCLING

This is the process of leaving the grass cuttings on the lawn. Roughly 20 per cent of the waste entering landfills comes from our yards, so grass-cycling can make a big impact. Grass-cycling has many benefits including:

- Keeping the lawn healthy by slowly releasing nutrients.
- Reduces the need for watering as the clippings decrease evaporation.
- Greatly decreases the amount of waste going to landfill.

Alternatively, grass clippings can be composted. For more information on composting please visit www.greencalgary.org.

Leaves (see section on [Annual Leaf and Pumpkin Composting](#) above)

Organic Waste (see note on [Backyard Composting](#) below)

BACKYARD COMPOSTING

It is estimated that about **35% of the total waste stream could be composted!** Compost is the highest form of recycling and is produced through the recycling of organic materials. Food scraps, leaves and yard trimmings, paper wood, manure, and the remains of agriculture crops can be transformed into compost through composting. It is a valuable soil amendment and is high in organic matter, helping to return many nutrients to the soil, which are lost over time.

If you are interested in learning more about composting please visit www.greencalgary.org.

Pumpkins (see section on [Annual Leaf and Pumpkin Composting](#) above)

Sod/Loam

Can be taken to any City landfill, where charges may apply.

Tree Trimmings

Can be taken to the East Calgary Landfill Site (17 Ave & 68 Street SE) to be composted at their composting pad. It must be requested at the scale house that this material be added to the branch pile set up for landscapers. The cost is \$5 for 250kg or less, or if a person has more than 250kg, a fee of \$30/tonne must be paid (organics rate).

Weeds (see section on [Composting Weeds](#) below)

Wine Corks

Glue them together to make a nifty little hot-plate or tear the corks up and compost them! They function as the brown carbonaceous material.

Yard Waste

Can be taken to the East Calgary Landfill Site (17 Ave & 68 Street SE) to be composted at their composting pad. It must be requested at the scale house that this material be added to the branch pile set up for landscapers. The cost is \$5 for 250kg or less, or if a person has more than 250kg, a fee of \$30/tonne must be paid (organics rate).

COMPOSTING WEEDS

Seeds are the real problem. If you don't want to see a particular plant again, make sure it has not gone to seed. The leaves, stems and flowers won't likely give you problems.

If you have weeds that spread through **roots** or **rhizomes** (a horizontal stem of a plant that is usually found underground, often sending out roots and shoots from its nodes) do not put these in your composter as they may take over. **Mint**, **blackberry** and **couch (quack) grass** are common weeds that spread through their rhizomes.

PAINT PRODUCTS

Paint Disposal (see section on [Household Chemicals](#))

Paint Thinners (see section on [Household Chemicals](#))

PAPER

Book Recycling (for book reuse see [Reuse](#) below)

Hardcover Books:

Capital Paper Recycling

Bay 10, 4155-75th Ave. SE - (403) 543-3322

PET WASTE

FACT

In 2001, Calgary was home to 92,563 dogs and 90,137 cats.

City of Calgary, 2007 Civic Census Overview

Cat and Dog Waste

This material can be placed in a [digester](#), whereby the waste is digested rather than composted and is primarily reduced to water. The nutrient-rich water enters the soil under the base of the unit and unlike traditional composters, there is no need to manually turn the waste. For a step-by-step guide on making your own pet waste digester [click here](#).

Alternatively, dog and cat waste can be flushed down the toilet. The Biosolids removed at the wastewater treatment plants are recycled on Calgary area farmlands through the City's innovative Biosolids reuse program called [Calgro](#).

Cat Litter

The natural alternatives (see above) can be added to a digester with the other cat waste. Otherwise, if the litter is free of cat feces, the natural litters can be composted. It should be kept separate from compost that may be used on vegetable gardens to prevent the transmission of oocysts (the dormant stage of [Toxoplasmosis](#)), which is sometimes found in cat feces (oocysts is killed when digested properly). The finished product is perfect for ornamental gardens.

FOR YOUR INFORMATION

Most cat litter is made from bentonite clay, which is strip-mined. This extremely destructive technique uses heavy equipment to strip off layers of earth to uncover clay seams, many of which are quite thin. The process has wiped out thousands upon thousands of hectares of land and removed millions of tonnes of earth. Luckily, though, alternatives exist. Some of the alternatives available in Calgary include:

[Swheat Scoop](#) – a cat litter made from naturally processed wheat (non-food grade) and is 100% biodegradable and compostable. It is also “certified flushable” when used as directed.

[Yesterday's News](#) – Purina's cat litter made from recycled newspapers.

[Feline Pine](#) – a litter made from compressed sawdust reclaimed from sawmills. It is 100% natural and compostable.

FACT

“Except for a small amount that’s been incinerated, every bit of plastic manufactured in the world for the last 50 years or so still remains. It’s somewhere in the environment.”

- Tony Andrady, author of *Plastics in the Environment* (Adapted from Alan Weisman’s *The World Without Us*)

With the exception of plastic milk jugs, clean plastic bags, bubble wrap and beverage containers for which a deposit has been paid, [plastics](#) are *not* collected at the City of Calgary recycling depots.

Mixed plastics including yogurt and margarine containers, laundry and dish soap containers, shampoo bottles, plastic egg cartons, etc. vary greatly in their [plastic grades](#) and quality, making the collection, sorting and processing uneconomical (at this point in time) in Calgary. There are limited markets for plastics in Calgary and some curbside recyclers (see [Curbside Recycling](#) above) *will* accept plastics.

#1 - #7 Plastics

Contact your local [curbside recycler](#) to see what plastics they will accept.

Generic Plastic

Contact your local [curbside recycler](#) to see what plastics they will accept.

Oil Contaminated Plastic Containers:

Evergreen Recycling

(403) 240-85683

- Used plastic oil containers and filters.

Other Plastics

Contact your local curbside recycler to see what plastics they will accept.

Packaging Peanuts (see section on [Reuse](#) below)

Plastic Bags

The City of Calgary Recycling Depots

Many locations throughout the city

See section on [Recycling Depots in Calgary](#)

FOR YOUR INFORMATION

Markets for low-grade recycled plastics are heavily concentrated in China as much of the plastic manufacturing occurs there. Many of the plastics collected by private curbside recyclers find their way to China. Shipping plastics half a world away has many environmental problems associated with it. If you are concerned about this, do your best to avoid plastics in the first place or, if there are no other options, purchase durable plastic products that can be reused.

Plastic Milk Containers

The City of Calgary Recycling Depots

Many locations throughout the city

See section on [Recycling Depots in Calgary](#)

REUSE

Appliances (see section on [Appliances](#) above)

Bicycle Donation

Bow Cycle and Sports

6501 Bowness Rd. NW - (403) 288-5422

• From November 1st to December 1st Bow Cycle accepts children's bikes for their Bikes for Kids program, whereby staff refurbish bicycles and distribute them to local charities.

The Good Life Community Bike Shop

Eau Clair Market- Unit B5, 200 Barclay Park SW - (403) 984-4727

• The Good Life Community Bicycle Shop is a non-profit community bicycle repair shop, resource and learning centre, and community space. They accept donations of all bicycles and related parts for repair and reuse.

The Hub (formerly known as Wheels of Self-Reliance)

[Calgary Drop-In Centre](#) 423 - 4 Ave SE (S side of building, west end).

• A do-it-yourself initiative which provides bicycles and repairs to financially-challenged Calgarians. Drop off anytime at the loading dock

Two Wheel View

#207, 223 – 12th Ave SW - (403) 698-9418

870-RIDE (7433) – mobile

• Two Wheel View needs mountain bikes, parts and accessories. Donations are used to ride, fix and repair mountain bikes used for youth biking programs.

Book Donation

Calgary Public Libraries

Visit www.calgarypubliclibrary.com/library/branches.aspx for a list of branches.

• Books (with the exception of encyclopedias) can be donated to any of the library branches in the city. Simply visit the central circulation desk to donate books.

Calgary Reads

(403) 777-8254

www.calgaryreads.com/index.htm

• Holds a book sale each year during the last week of May. Books are collected May 1st through until the final week of May.

Servants Anonymous Society and Herald Literacy

• Books in good condition are collected at the fire halls beginning mid-May and are sold at the Crossroads Market in June.

Building Materials (Reuse, Donation; see section on [Construction](#) above)

Cassettes

Recordland Ltd.

1208 9 Avenue SE, Calgary - (403) 262-3839

Cell Phone Donation

The EcoStore – Green Calgary

809 4th Ave S.W. - (403) 230-1443 ext 222

• Cell phones dropped off at The EcoStore support Clean Calgary's many environmental initiatives. Cell phone recycling boxes are available on a temporary or permanent basis free of charge. Visit www.greencalgary.org for more information. .

FACT

In 2005 alone, over 15 million Canadians subscribed to a cell phone plan. According to INFORM Inc., cell phones are replaced every 18 months and less than 5% are recycled

Clothing

Canadian Diabetes Clothesline

1-800-505-5525

Calgary Drop-in Centre

Clothing and small household items are accepted at any time at the loading dock.

423 - 4 Ave SE (South side of building, west end).

For more information visit: www.cdics.com

Cerebral Palsy Association of Alberta

1-800-300-8255 for free pick-up

Visit www.cpalberta.com/clothing.htm for a list of drop-off locations in Calgary

Salvation Army

Visit <http://ab.salvationarmy.ca/calgary/index.html> for a list of clothing bank locations around the city.

Alberta Computers for Schools

Ernest Manning High School (rear entrance backing onto the Westbrook Mall parking lot)
3600-16 Avenue SW | Phone: (403) 243-6321 | Fax: (403) 243-6321 | cfsclg2@telusplanet.net

Calgary Drop-in Centre

Any computers are refurbished and given to low income Calgarians.
423 - 4 Ave SE (South side of building, west end). Phone: (403) 699-8281

WARNING

Investigations by the toxic trade watchdog organization, Basel Action Network (BAN), has revealed that large quantities of obsolete computers, televisions, mobile phones, and other used electronic equipment exported from USA and Europe to Lagos, Nigeria for “re-use and repair” are ending up gathering dust in warehouses or being dumped and burned near residences in empty lots, roadsides and in swamps creating serious health and environmental contamination from the toxic leachate and smoke.

Be wary of organizations that claim to send electronics to “developing countries” for reuse and recycling. For more information visit: www.ban.org.

Computer Floppy Disks

Trying to source a solution.

Eyeglass and Eyeglass Case Donation

Lions Recycle for Sight - In 2002, the CLERC distributed 257,550 pairs of recycled eyeglasses to: Angola, Bangladesh, Burkina Faso, Cambodia, Cameroon, El Salvador, Ghana, Haiti, the Ivory Coast, Liberia, Mexico, Pakistan, Peru, Samoa, Tanzania, Togo, and Zambia.

- Each Thrift Store offers clean and gently used merchandise including clothing, dishes, cookware, household goods, furniture and books.

Calgary Drop-in Centre

All donations to the Loading Dock. 423 - 4 Ave SE (South side of building, west end).

- Accepting Furniture, clothing, household goods and computers. No appliances please.

REUSE WEBSITES

Craigslist

Is a centralized network of online urban communities, featuring free classified advertisements (with jobs, internships, housing, personals, for sale/barter/wanted, services, community, etc) and forums sorted by various topics.

Freecycle

A great resource for finding items or getting rid of items, and the best part is that everything is FREE! You must join the group to have access to the service but membership is absolutely free.

Free, local and easy to use classifieds.

RECYCLING DEPOTS IN CALGARY

MATERIALS ACCEPTED AT THE CITY'S RECYCLING DEPOTS

- **Glass Food Jars:** Please rinse the jar and try to remove the labels, caps & lids if possible.
- **Metal Food Cans and Lids:** Rinse contents and try to remove labels from container.
- **Milk Jugs and Cartons:** Before you recycle empty plastic milk jugs and milk cartons, rinse them with water and then flatten them. Milk jugs and milk cartons go in the same bin at the recycling depots.
- **Mixed Paper and Cardboard:** Include all household paper such as letter paper, envelopes, greeting cards, cereal/other paper boxes, cardboard, telephone books and brochures. Please flatten all boxes.
- **Newspapers and Magazines:** Recycle dry newspaper, inserts and glossy magazines only.
- **Plastic Bags:** All plastic bags including grocery/shopping bags, clothing/garment bags, bread bags, sandwich/lunch bags and bubble wrap are accepted.

CONTACTING YOUR ALDERMAN AND THE MAYOR

Since the waste problem is multivariate and the solutions are not always as simple as they appear, be sure to do your homework before attempting to influence change. Green Calgary is a great resource for gathering information on the topic of waste and recycling. Do not hesitate to contact your alderman once you have completed your homework. Civil engagement is a necessary part of influencing public policy and is a key element in a satisfying life. **Make your voice heard!!!**

City of Calgary Address

YEAR-ROUND ACTIVITIES OF GREEN CALGARY

Empowering Calgarians to create healthy homes and communities by providing environmental education, products and services.

Green Calgary offers a variety of programs to help achieve mandates of waste reduction and water protection including:

Environmental Education

Green Calgary is pleased to offer a wide variety of presentations to businesses and employees to help answer tough questions about the environment, explain how to practically become green, and share Calgary-specific knowledge. These can be done as part of a staff meeting, as a 'Lunch and Learn' or any other time.

Waste at Work: Reducing your company's environmental footprint

Green Procurement: Using buying power to influence change

Waste at Home: How individuals can make a difference in daily life

Getting There Green: Environmentally friendly driving and alternative transportation

Green Cleaning: How to improve indoor air quality and choose green products

Composting: Learn how to recycle your organic waste and make great fertilizer

Vermicomposting: Don't have a yard? Learn to compost indoors with red wiggler worms!

Please contact the Education team at [403] 230 1443 ext 225 or education@greencalgary.org for more information or to book. Member discounts apply.

Healthy Homes Calgary

The Healthy Homes Calgary program is our newest residential service, providing free home visits to Calgarians interested in creating a healthy living environment, while reducing the home's "eco-footprint". We will provide the tools and information needed to improve indoor air quality, energy and water efficiency, waste reduction, and more.

Please call Ashley at [403] 230 1443 ext. 223 or email ashley@greencalgary.org.

Commercial Environmental Services

Assisting companies to reduce their environmental impact associated with waste. We offer customized, one-on-one service and the information, education, resources and tools necessary to divert waste from landfill and help reach your waste-diversion goals.

Services include:

- Waste Reduction Solutions / Consultation
- Online Recycling Directory
- Waste Measurement Toolkit Assessments
- Calgary Materials Exchange - www.cmex.ca

Please call Sarah at [403] 230 1443 ext. 226 or email sarah@greencalgary.org.

EcoStore - selling environmental products that reduce our environmental footprint

The Green Calgary EcoStore sells products that are environmentally sustainable and help to reduce waste and conserve water. Products include compost bins, recycling bins, rain barrels, water saving kits and much, much more. Visit the website for details: www.greencalgary.org

We are wheelchair accessible and located in downtown Calgary on the southwest corner of 4th Avenue and 7th Street SW.

809 Fourth Avenue SW

[403] 230 1443 ext. 222

Open Tuesday and Wednesday 10-5:30

Thursday 10-7

Friday and Saturday 10-4

Closed Sunday and Monday

Information Services & E-newsletter

We respond to thousands of public requests for environmental information. Calgarians want to know how to recycle their household waste and otherwise reduce their environmental footprint.

Please contact Green Calgary if you would like more information about our programs or if you are interested in volunteering.
