

Green Workplace Services

Green Workplace Services

Green Calgary's award winning Green Workplace program has helped hundreds of organizations achieve their desired environmental outcomes. We offer services to help businesses large or small. Whether you are taking the first steps towards making your business more sustainable or a seasoned veteran looking to challenge your company to become a leader in sustainability excellence, we can help reduce your company's environmental footprint.

SERVICES OFFERED (ALL PRICES INCLUDE GST UNLESS OTHERWISE SPECIFIED):

Programs	Pricing
Sustainability Consult	\$275
Corporate Lunch & Learns	\$200
Know Your Waste Workshop	\$300
Event Greening	Call for Quote
Waste Assessments & Audits	Call for Quote
Other Waste Consulting Projects	Call for Quote

Sustainability Consult

\$275.00

A 45-minute tour to discuss and explore sustainable opportunities for your workplace.

The sustainability consult will:

- Identify unsustainable practices in the workplace
- Discuss your sustainability goals
- Answer sustainability questions

A Green Workplace Consultant will provide written recommendations that identify opportunities to reduce waste, discuss non-toxic cleaners, and explore options to reduce energy/water use.

*some conditions apply; contact us for more information.

Corporate Lunch & Learns

\$200.00

A 60-minute presentation to get your staff engaged in your company's environmental values and provide them with the tools to live and work sustainably. Topics include:

- 12 Steps to a Greener Home
- The Ins & Outs of Composting
- Waste in the Workplace
- And much more!

Click here for a full list of topics available:

Know Your Waste Workshop

\$300

A 90-minute virtual workshop tailored to your business or building's waste management protocols. We customize this presentation by collecting information on your individual waste, recycling and compost services, and consulting with your office manager on current workplace protocols.

This program is well-suited to businesses who have returned to office part-time or on a rotating schedule and are seeking to improve workplace waste diversion.

Event Greening

CONTACT US FOR A QUOTE

A service where Green Calgary will assist in reducing waste, energy and water generation and consumption at your corporate event.

Event Greening services may include (as required):

- Waste reduction & recycling programs
- Green procurement
- Volunteer training
- Waste station rentals
- Measurement & reporting
- Hauler coordination

As events vary in scope and size, we recommend you meet with one of our consultants to discuss your needs and goals in order to develop a quote.

Waste Assessments & Audits

CONTACT US FOR A QUOTE

A means to measure the overall rate of waste diversion and the composition of waste and recycling streams to provide a baseline with which to guide future waste management initiatives and goals.

Includes:

- Pre-assessment
- Visual or sort-and-weigh assessment of all waste and recycling streams
- Comprehensive report detailing results, areas in need of improvement, and recommendations
- BOMA BEST and LEED compliant
- Ongoing communication and support

Other Waste Consulting Projects

CONTACT US FOR A QUOTE

We can provide a wide range of waste consulting services including: program implementation, customized tenant education, and support in ensuring compliance with current and upcoming municipal bylaws. Contact us to determine your project's scope and a quote on the cost.

Recycler Directory

FREE TO ACCESS

Green Calgary also provides a FREE Recycler Directory on our website listing haulers who collect recycling from businesses, organizations and multi-family buildings in and around the City of Calgary. The directory can be found here: <http://www.greencalgary.org/recycler-directory/>

Looking for recyclers for your business or home for single pick up or regular collection of items beyond food and yard waste, mixed recycling, and landfill waste? Have specific items that you can't dispose of anywhere else? Check out the Specialty Recycler Directory and find a service that might be right for you! <https://www.greencalgary.org/specialty-recycler-directory>

As part of the Recycler Directory, Green Calgary provides a verification program to ensure that registered haulers are recycling materials they pick up as they indicate on their directory listing. The verification program is voluntary, and haulers can be verified for FREE by contacting our Green Workplace team and providing the necessary documentation and site visit.
