

Green Kids Program Offerings

Green Kids Program Offerings

Green Calgary's Green Kids program is offered to schools and community groups year round; and is an opportunity for children from preschool to Grade 6 experience hands on environmental education.

Our program offerings are designed to reflect cross-curricular competencies so educators can easily incorporate offerings into their learning plans. Our specially trained instructors provide all the resources and materials to deliver a collaborative and inquiry based learning experience.

WASTE PROGRAMS

Waste in Our World

🕒 1HR 🧑‍🎓 MAX 30 KIDS 💰 \$200† 📖 BOOK ONLINE

This program offers children the chance to work cooperatively to build a model landfill and use it to look at ways to divert waste, and make landfills safer for the environment. This is an inquiry-based opportunity that fully engages participants in hands on experiential learning. **TARGET IS GRADES 3-6.**

Worms Love Leftovers

🕒 1HR 🧑‍🎓 MAX 30 KIDS 💰 \$200† 📖 BOOK ONLINE

This program gives children a peek into the amazing world of worms and how they help recycle organic waste, turning it into healthy living soil. This is an inquiry based opportunity that fully engages participants in hands on experiential learning. **TARGET IS PRESCHOOL-GRADE 6.**

Workshops fully engage participants in hands on experiences that demonstrate inquiry-based learning and environmental education.

Participants will gain strategies for sparking curiosity and connecting environmental learning across the curriculum.

† We strive to ensure that all children have access to quality hands on environmental education. IF cost is a barrier, we may be able to provide subsidies subject to funding. Contact us to learn more. All prices subject to applicable taxes.

GREEN KIDS PROGRAM OFFERINGS

WATER CONSERVATION PROGRAMS

Clean Green

🕒 1HR 🧑+ MAX 30 KIDS 💰 \$ 200† ➡ BOOK ONLINE

This program asks children to examine typical cleaning products and discover the impacts they can have on our environment & our health. Students then develop their own eco friendly cleaners and test them. This is an inquiry-based opportunity that fully engages participants in hands on experiential learning. **TARGET IS GRADES 4-6.**

Water For Life

🕒 1HR 🧑+ MAX 30 KIDS 💰 \$ 200† ➡ BOOK ONLINE

This program explores how water supports life on our planet. Children cooperatively build a model community; watch water at work; and discover ways they can help protect and conserve water. This is an inquiry based opportunity that fully engages participants in hands on experiential learning. **TARGET IS PRESCHOOL - GRADE 3.**

ALTERNATIVE LEARNING OPPORTUNITIES

Saturday Drop-in Programs

🕒 2HRS 🧑+ AGES 5-12 💰 BY DONATION ➡ BOOK ONLINE

Green Calgary offers Saturday drop-in programs in the late fall and winter (check for dates online). Children and their families can participate in hands on learning activities, movies on environmental topics, and an Eco Action Sheet to take home.

Garden Tower Projects

🕒 2-6HRS 🧑+ MAX 200 KIDS 💰 VARIES 📞 CALL TO BOOK

This is an indoor garden program that may require multiple sessions and is designed to give children the opportunity to contribute to a vermicomposting initiative while learning about nutrient cycling, systems thinking, and life cycles. Contact our Green Kids Coordinator to learn more.

GREEN KIDS PROGRAM OFFERINGS

RESOURCES FOR TEACHERS

The Green Kids Program is pleased to offer the following additional resources for teachers and educators:

Professional Development Workshops

🕒 1.5HRS 💰 \$ 300 ➔ BOOK ONLINE

Workshops fully engage participants in hands on experiences that demonstrate environmental inquiry-based learning.

Participants will gain strategies for sparking curiosity and connecting environmental learning across the curriculum.

Worms For a Week

🕒 4 & 6 WEEKS 💰 \$ 30/45 📞 CALL TO BOOK

A supplemental offering for organizations booking a Green Kids program. This is a 4-6 week worm bin rental (fully functional vermicomposting bin) for educators and has a variety of benefits.

- Hands-on education tool for composting, nutrient cycling, and animal care.
- High student interest: students feel empowered to care for and “babysit” their worms.
- Low commitment: no need to worry about maintaining a worm bin over the summer or winter holidays.
- Immediate results: the bin is fully functional upon receipt.

*Please note: worm delivery is only available if a Green Kids program is also purchased. Applicable taxes extra.

EcoAction Kits

🕒 3 WEEK RENTAL 💰 \$ 25 📞 CALL TO BOOK

This is a supplemental offering for organizations booking a Green Kids program. These self-contained classroom bins provide educators with several activities, lesson plans, along with supplies needed to engage in the learning activities. Each kit contains hands on activities that foster problem solving and collaboration. The kits are designed to extend the learning experiences delivered in our Waste and Water programs.

† We strive to ensure that all children have access to quality hands on environmental education. IF cost is a barrier, we may be able to provide subsidies subject to funding. Contact us to learn more. All prices subject to applicable taxes.
