## HOME SCHOOL DAYS

Our Fall Home School Day program runs for 3 weeks on Tues mornings in November

Our Fall Home School Days program runs for 3 weeks on Tuesday mornings from 9:30 am - Noon. With a small class size (max. 12), we incorporate hands on/group work activity to ensure engaging and experiential learning along with take home materials to provide ongoing learning.

Leading students through curriculum based activities, they discover the way nature works & develop an real world understanding of our impact on the planet.

Our program works within existing Alberta Education curriculum guidelines as well as the new competency areas within the new curriculum changes.

For specific curriculum connections, please go to [greencalgary.org](http://greencalgary.org) and select *Green Kids*.

Please note: We encourage parents to accompany students during the program, though this is not required. Younger siblings cannot be accommodated due to space limitations.

## WASTE IN OUR WORLD FOR GREEN SMARTIES & GREEN MARINES

TUES. NOV. 10, 17, 24 @ 9:30 AM - NOON

Ages 6-12 (Grade equivalents 1-6)

Through this program, your child will:

- become aware of environmental issues associated with waste disposal
- build a model landfill & solve challenges
- engage with the local community
- commit to personal action plans
- gain hands on experience reducing, reusing & repurposing
- learn about vermicomposting, organic waste & soil science

For specific curriculum connections, go to [greencalgary.org](http://greencalgary.org) and select *Green Kids*.

Please note: We encourage parents to accompany students during the program, though this is not required. Younger siblings cannot be accommodated due to space limitations.
